DETAILED ACTION

Claim Rejections - 35 USC § 102

1. Claims 1-14 and 24-42 are rejected under 35 U.S.C. 102(b) as being anticipated by Kortan et al as applied to the rejection of claims 1-14 set forth in the last office action and further discussed below.

Monodisperse particle population of the core is the only argument made by applicant. Applicant asserted that the CdSe seed as prepared by Kortan's method is not monodisperse particle. However, applicant did not explain why it is not. CdSe as described in the Kortan reference as a single crystallite (or in other words, mono-crystallite), and thus it inherently comprises a monodisperse particle population.

2. Applicant's arguments filed September 17, 1999 have been fully considered but they are not persuasive for the reason set forth above.
3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 1773

however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

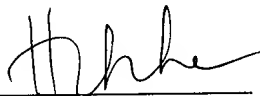

Election/Restriction

4. This application contains claims 15-23 drawn to an invention nonelected with traverse. A complete reply to the final rejection must include cancelation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to *H. Thi Le* whose telephone number is (703)308-2415. The examiner can normally be reached on Mondays through Fridays from 8:30 a.m. to 5:00 p.m.

The fax phone number is (703) 305-5436.
